

December 2018 Newsletter

Dear Families,

This year is moving very quickly! The students and staff have settled into routines and procedures that are lending to success. We will have a short month but it will be filled with activities and all the bustle of the holidays. Traditionally, we do not have a PTO nor a SAC meeting and will meet again in January. At that point, we will be turning our attention to state testing in grades 3-6. There will be opportunities for you to come and hear about the new regulations and requirements. For now, relax and enjoy the month with a focus on giving and family. Our service project this month is to have our Grades 5 & 6 students visit the elderly residents of West Melbourne Rehabilitation Center and sing carols to them. At the end of our presentation, we will pass out scarves as a little gift for the holiday. If you are crafty and can crochet, knit, or just tie felt together, please help you children make and send them into the office. Purchased scarves will also be accepted. This is our chance to give back and help them understand giving and family. We will be collecting these up until the 19th when we are scheduled to visit the facility. Thank you in advance for teaching your children about this important value.

Sincerely,

*Ms. Cheryl Turner
Principal*

Cold and Flu season is upon us!!!! The teachers are asking for donations of soft tissues and disinfecting wipes for the classrooms. Please remind your children to wash their hands frequently to avoid spreading germs.

Welcome Eileen Needle to our office and school. She comes with years of experience in preschool. Please stop by the school to say hello and introduce yourself. Her email is needle.eileen@educationalhorizons.net If you need any student services she will be glad to help.

to all the families who are paying more attention to our NO LEFT turn sign. Please abide by this rule to help avoid accidents and traffic problems. We also appreciate all the families who are continuing to use their placards for car loop. This helps teachers and staff to know who is picking up children. All these efforts make for an easier car loop for arrivals and departures. As a reminder, please make sure your child(ren) are buckled up as the car begins to move.
