Dear Families,

Happy FALL! We welcome the cooler weather and change of seasons. We look forward to being able to share some of these experiences with the students. Many of our annual events for October are not scheduled due to the current situation of the pandemic. The teachers will still continue to focus on the activities that we would have done in large scale in their own way in the classrooms. With our new policies for the year, we are not accepting celebration treats at the school for students, teachers, or staff. Please help us with this during the upcoming holidays. We know this is a tough choice but it is in line with our plan for re-opening. Thank you for understanding.

The teachers and staff are staying vigilant with keeping the school clean and adhering to safe practices aligned with the CDC for this time. Thank you to families who sent in extra paper towels, cleaning supplies, hand sanitizer, and well wishes.

We are pleased that we have assessed all the students at the beginning of the year and we will continue with this process monitoring throughout the year. As a part of our School Improvement Plan, we will focus on the learning losses due to shut down of schools since last March. This month, grades 1-6 will be assessed in Reading and Math Oct 12-30th. Look for invitations from the teacher via email to schedule a time to come to the school and complete the test. As always, bring a mask and 2 sharpened pencils. Again, all safety precautions will be exercised to keep both sets of students safe and separate. Thank you for bringing your child(ren) to our campus to keep the equity of testing.

We are all learning and adjusting to the new way to educate and keep our children safe. It has been a challenge with each and every decision along the way. I am very impressed with the dedication I see from the families of the eLearners as they help guide them daily through routines, digital learning, schedules and socialization. Families of campus learners have other hurdles in that most of them have jobs that do not allow them to be at home during school hours. Some families are torn between finding someone to watch their children while they learn from home. Please know that we understand this is hard of everyone, we are striving to make it as easy as we can while adhering to state requirements. Thank you to the families who have offered time, services and technical equipment to the teachers to help with communication. They appreciate the headphones, monitors, TV's and microphones in the room. It is hard to anticipate how it will look in the near and far future as the state opens up. For our school, we are holding tight to our original plan at this time.

Stay well,

Mrs. Cheryl Turner
Principal/Administrator

November 3rd ballot. There is a Surtax on the ballot for a six year commitment. The charter schools will benefit from this tax. Please review and vote according to your beliefs. Thank you for considering this tax. Here is the official language of the ballot.

OFFICIAL BALLOT

HALF-CENT SALES SURTAX EXTENSION FOR CRITICAL SCHOOL FACILITY, SECURITY, AND TECHNOLOGY UPGRADES

To extend the existing half-cent surtax approved by voters in 2014, to upgrade aging schools in Brevard County with critical school facility renewal projects, school security and technology modernizations that keep schools safe and conducive to learning and as per statute, shared with charter schools based on proportionate share of district enrollment, shall a half-cent sales surtax be reauthorized for six years, with all expenditures monitored by an independent citizen oversight committee.
